Welcome to the Southern Oregon/Del Norte California 101 Things To Do[®] publication. This publication covers four counties and is your opportunity to see some of the most scenic roads and visit some of the most extraordinary places anywhere on the West Coast. If you just take the time to review this publication, it should be easier to navigate through this wonderland.

The magazine is divided into three easily identifiable sections. Color coded bars at the top of each page correspond with the colored major highways on this map.

- The BLUE coastal section runs south to north on Hwy 101, from Klamath, California to north of Gold Beach, Oregon. (see pages 14-41)
- The GREEN section runs north and east, from Redwood National Park in California to Crater Lake National Park in Oregon, and beyond. (see pages 42-67)
- The RED section starts in Jacksonville, then runs north to south, from Medford to the California border. (see pages 68-75)

This publication describes what you can see and do in these areas, and where you can stop for dining, lodging, or just for supplies. Take the time to review these pages to find out everything this area has to offer. More importantly, take the time to stop and visit for yourself. One can't help be excited about this incredible area. And remember...

Say you saw it in 101 Things To Do!

The Blue, Green and Red highways correspond to the colored bars at the top of the pages.
